KM Plast have been manufacturing Paper Cups and Plastic Vending Stirrers for Vending and Disposable Sectors

ABOUT US

KM Plast was established in 2001 in Manisa / Turkey. We develop, design and produce plastic vending stirrers, paper cups and plastic cups for many sectors, especially vending and disposable sectors. KM Plast is clearly focused on offering its clients the highest quality products with best supplier services.

Paper Cups;

KM Plast has started producing paper cups with large production range and high technology lines. We became one of the important player in the market with our experience, knowledge and high trained employees.

Plastic Stirrers ;

We have been manufacturing 90 mm and 105 mm plastic (GPPS) stirrers with fully automatic system production lines.

CERTIFIED

Cups are produced by ISO 9001: 2015 Quality Management System.
